

You can **Send Youth On A Mission** when you shop with scrip

FUMC Youth have participated in summer mission trips and projects for many years. The cost to go a mission trip is the responsibility of the youth's family. We fundraise to lower the cost to each participant. Scholarships are available to anyone wanting to go on a mission. The Youth scrip gift card program is one way the FUMC congregation financially supports sending youth on a mission. The Youth Group receives a percentage of each gift card sold.

There are two ways to buy gift cards online. From your computer, go to www.shopwithscrip.com and on a smart phone use the Raise Right app. The Raise Right app is a gift card wallet for contactless payment and keeps track of your gift card balance.

1. To get started, request the enrollment code from fumcyouthmissions@gmail.com.
2. You will receive an email invitation to join the FUMC scrip program at shopwithscrip.com . Use this link to create a username and password. Now you are ready purchase gift cards.
3. To use your smart phone, install the RaiseRight application from the site you prefer for smartphone apps. The username and password are the same as you created in step 2.

After completing these steps, you can order gift cards; reload gift cards purchased from the FUMC scrip program; or buy electronic gift cards. The cards can be shipped directly to your home or to church. Electronic gift cards are stored in your RaiseRight wallet or sent to the gift recipient's email.

Payment is made one of 3 ways:

- check made payable to FUMC Youth
- credit card (2.6% fee)
- automatic debit to a linked bank account (see instructions to link bank account at shopwithscrip.com) This method provides the fastest turnaround for reloadable cards.
